ABOUT ME

I am a Product Design student with a strong interest in UI/UX design, user research, and digital product development. I enjoy creating clean, simple, and user-friendly designs that solve real user problems. My work focuses on understanding user needs, building clear user flows, designing wireframes, and converting ideas into high-fidelity prototypes. I am always open to learning new tools, improving my design process, and creating meaningful digital experiences.

EDUCATION

Bechelor of Design - Product Design

July 2022 - June 2026

Dada Lakhmi Chand State University of Performing and Visual Arts

PROFESSIONAL EXPERIENCE

UI/UX Intern — PTWO Technologies Pvt. Ltd.

Jan 2026 - April 2026

- Worked on web and app-based UI/UX design projects.
- Understood project requirements and converted them into simple design solutions.
- Created wireframes, user flows, and high-fidelity screens using Figma.
- Improved layouts by focusing on usability, spacing, visual hierarchy, and user experience.
- Presented design ideas and made changes based on feedback.

Product Designer Intern — Jindal Stainless Steel / Arttd'inox

June 2025 - July 2025

- Worked on product design concepts in a real industry environment.
- Explored product forms, shapes, and visual design directions.
- Studied user needs and product usability before developing concepts.
- Created design ideas that balanced functionality, aesthetics, and user experience.
- Learned how industrial design decisions are developed and refined professionally.
